WINE LIST

2022-23

Welcome

Welcome to the 2022-23 Matthew Clark Wine List. We are excited to share this year's fantastic wine range, packed with well-loved classics as well as an array of new-found gems. This year, in building and refining our selection, we have taken full advantage of consumer data from our business insights division, PROOF Insight, to ensure that we are helping our customers make the most of changing tastes and trends. 2022 is set to be a year for exploration as consumers venture out from their homes and the on-trade returns to full swing. With an increased interest in buying local, you can expect customers to be seeking out locally made, English wines more than ever before. PROOF also predict that consumers will be looking to experiment with mindful and health-conscious products such as low and no alcohol wines. Take a look at our extended range of English wines from producers like Balfour as well as our new low and no alcohol options, such as the innovative and delicious Wild Life Botanicals range.

We've also entered an exciting new partnership with the legendary **G rard Bertrand** from the South of France, giving our customers exclusive access to some of their incredible wines such as the Creations and the Prima Nature ranges. We're also thrilled to bring a new range of American wines to the UK market, including world famous producers like **The Prisoner** and **Banshee**. Keep an eye out for other exciting new additions and exclusives such **Short Mile Bay** from South-East Australia, again, only available through Matthew Clark.

Impact is our way of talking about the environmental and social credentials of our range and this year we've continued to align ourselves with producers who prioritise the well-being of the planet and their community. Look out for the Impact logo on wines that are made with organic or biodynamic techniques, or that are otherwise earth-friendly.

We've worked hard to make the Matthew Clark wine range the best reflection of both our customers' needs and the ever-changing world of wine. We'd love to hear from you about how we can help you to succeed in this sometimes mystifying yet always exciting industry. For more information on any of our wines or producers head to matthewclark.co.uk.

Matthew Clark

IMPACT

It has never been more important to protect our environment and communities. IMPACT is our space to talk about how our networks, range, and people are working towards a more sustainable future.

We work hard to make sure that our wine range reflects our company values, by selecting a diverse range of wines made with care. We seek out suppliers **who prioritise care for their land and their communities.**

We love sharing the amazing stories from suppliers who are working towards organic or biodynamic certifications or carbon neutrality. But we are also excited to work with producers going down a less conventional route by, for example, planting native flora to promote biodiversity or reducing electricity usage by using gravity assisted pumping in the winery. **Look out for our IMPACT maker series on social media,** where we celebrate incredible winemaking stories from across our portfolio.

At Matthew Clark we believe that sustainability needs to be embraced at every step of the value chain. Next time you're receiving a delivery from us, look out for the **low-emission Euro VI vehicles** that we're using across more than 90% of our fleet. We've also installed solar technology on the roofs of some of our trucks, which proactively reduces the fuel and emissions of each vehicle.

As a group, working with Science Based Targets Initiative (SBTI), we have committed to **reducing emissions by 35% in the next 8 years.** We have also achieved the ISO 14001 certification for our Bristol offices, which is the international standard for an effective environmental management system.

In order to better understand how our suppliers engage with issues of environmental and social responsibility, we now require all our wine producers to complete a comprehensive ESG survey. To hear all about the outcome of this ongoing work, **follow us on social media or check out our products pages on - [MatthewClarkLive.com](https://www.MatthewClarkLive.com).**

Wine Expressions

The wines in our list have been assigned a Wine Expression icon to help our customers better understand the wine's style at a glance.

Every wine is unique and some will fit more naturally into a Wine Expression category than others. Where a product could reasonably fit into more than one category, we've tried to select an icon based on its most prominent characteristics.

-  Dry, refreshing, delicate, light whites
-  Zesty, herbaceous or aromatic whites
-  Juicy, fruit-driven, ripe whites
-  Elegant, intricate, mineral-laced whites
-  Full-flavoured, nutty, oaked whites

-  Light, bright, fresh reds
-  Juicy, medium-bodied, fruit-led reds
-  Spicy, peppery, warming reds
-  Sophisticated, polished, complex reds
-  Oaked, intense, concentrated reds

-  Dry, elegant rosés
-  Rich, fruity rosés

-  Refreshing, racy, medium-sweet wines
-  Luscious, rich, sticky, sweet wines

-  White sparkling wines
-  Rosé sparkling wines
-  Red sparkling wines

Wine Symbols

SCREWCAP WINES

Wines that either presently have a screwcap closure, or which will change to screwcap in the next 12 months.

VEGETARIAN

Wines made without the use of gelatine or fish products as fining agents.

VEGAN

Wines made without the use of animal products as fining agents. Traditionally this would be egg whites, casein - a milk protein - gelatine or fish products.

VEGAN CERTIFIED

Wines meeting all the requirements needed by the Vegan policy from the vineyard to the bottle.

ORGANIC PRACTICES

There are many wines in our range that are using organically and/or biodynamically grown grapes but have not currently gone through the lengthy process of organic certification, or are happy to just farm this way without certification. These wines will not state Organic or Biodynamic in the name of the wine but can be identified by the symbol.

ORGANIC CERTIFIED

Wines that are certified in their country of origin as organic: using only organic grapes and ensuring any additives are also organic.

NATURAL WINES

Wines made with minimal intervention and where no added sulphites have been used.

IMPACT

Our leaf icon highlights activities carried out by producers we represent that come under a wide ethical umbrella. These vary from vineyard-focused pest control regimes to activities designed to reduce the impact on global resources.

EXCLUSIVE WINES

Wines coded with an (x), are not available to consumers via multiple retailers such as supermarkets and retailers with chains of outlets, and will not be in the near future. This information is compiled to the best of our knowledge but there is a chance that it may change.

NEW WINES

Wines that have recently been added to the Matthew Clark portfolio.

Vineyard practices can change with each vintage. At time of print we are passing on our suppliers current information. Please check with your account manager for vintage updates.

NEW WINES

Our already huge range is always evolving and growing. Here's just a few of the fantastic new wines we've added to the Matthew Clark portfolio this year.

Kent, England

This year we have expanded our collection of wines from the incredible multi-award-winning Balfour winery to include the Leslie's Collection. According to the Head Winemaker at Balfour, Fergus Elias, *"Our Leslie's Collection is a wonderful range of sparkling wines which each carry their own unique style, from the gastronomic opulence of the Gold to the delicate playful Rosé, these wines each have their own distinct identity"*.

Fête
des FLAVEURS

Loire Valley, France

Fête des Flaveurs celebrates the unique flavour of regional French wines. The range is an exploration of all that French wine has to offer, celebrating the regionality of this gastronomic land. Created by regional growers around France, the wines capture the essence of their homeland.

The range of wines are inspired by France's regional food markets; packed with colours, scents, flavours and cultures, where the sensory immersion is magic, and fresh, local produce is key. They celebrate some of France's most famous regions and the Touraine Sauvignon Blanc and Rosé are deliciously perfect examples.

ESPORÃO

Portugal

Esporão has been an integral part of the Matthew Clark Portuguese range for a number of years, and we have recently expanded the selection to include a red, white and rosé from Monte Velho.

When the Monte Velho range was launched in the 1992, the goal was to produce a wine from the same grapes and terroir as the Reserva range, for which the brand had become famous, but which were released earlier without aging in barrel and are therefore more accessible in cost and character. Since then, the Esporão Monte Velho range has gained a reputation for excellence all on its own, and with rapid growth in demand is now made across three wineries with fruit source from 15 local growers.

GÉRARD BERTRAND

6ieme

Languedoc-Roussillon, France

As a land of contrasts, Languedoc-Roussillon gives birth to juicy and vibrant wines which are all representative of their diverse terroirs. The foothills of the Corbières and the Minervois, where the slopes meet the Mediterranean Sea, enjoy optimal sunshine and are ideally placed to cultivate vines and produce exceptional fruit. This is where the 6ème Sens wines are born. From the Gérard Bertrand family of wines, 6ème Sens celebrates the alchemy of climate and land to produce wines that are a treat for all five senses.

Cigalus

Languedoc-Roussillon, France

The Cigalus range holds a very special place in the heart of the Gérard Bertrand brand. As a young married man, Gérard Bertrand settled in this eponymous region and the birth of his children was a revelation: he wanted his family to live in an environment that was cultivated, rather than exploited. *“Living on the land and respecting it is the least we can do. The quality of life depends on it; it is my guide, my quest”.*

Like previous custodians of this land, Gérard Bertrand has chosen to maintain a wide range of grape varieties in both reds and whites, producing exceptional wines that are resolutely atypical.

California, USA

When their first wine, The Prisoner, was released two decades ago, it permanently changed the perception of what a California red blend wine could be. Since then, the Prisoner Wine Company have grown to include a range of rule-bending wines earning "cult" wine status. The Prisoner Wine Company sources fruit from more than 100 vineyards, including many gnarly old vines, dry-farmed from pre-Prohibition plantings. They collaborate with over 120+ growers to craft their wines. Sourcing fruit from a wide range of sites allows them to secure the best of what is available and produce wines to a particular style with incredible consistency and quality.

Sonoma County, USA

We're excited to have grown our range of North American producers in the last year. Banshee Wines can be seen in some of the coolest bars across California and have built an enviable reputation for consistent quality from year to year. Their wines deliver on elegance and complexity, taking fruit from some of the most well-regarded sites in the Sonoma coast area. They also place a huge value on sustainability and protecting the land they've been given, with the belief that the best California wines are yet to come.

CHAMPAGNE

FONDE  EN 1743

MOËT & CHANDON

CHAMPAGNE

★

Moët & Chandon was founded in 1743 with the inspiration to “share the magic of champagne with the world”. As the iconic champagne of celebration, Moët & Chandon is the world’s most loved champagne, bringing people together through exciting, magical and extraordinary moments. From the flagship, Moët Impérial, to the Moët Rosé Impérial, and the iconic Grand Vintage Collection, Moët & Chandon has a champagne for every palate and occasion, all showcasing their signature style with a bright fruitiness, elegant maturity and seductive palate.

Moët & Chandon's quest to protect nature for future generations is integral to their philosophy. They have received high-quality environmental certifications throughout the estate and are committed to supporting their community of 2,000 winegrowing partners to obtain the same certifications that will preserve the magic of champagne for all.

TAITTINGER

Champagne Taittinger is the only Grande Marque Champagne House to be owned and managed by the family named on the label. Taittinger are relentless in their pursuit of quality and are committed to working with their environment. The third largest growers in the region with 288ha of vineyards, they remain pioneers of natural vineyard management, ploughing 90% of their rows to reduce reliance on pesticides. Chardonnay is the hallmark variety at Taittinger, producing wines of elegance, delicacy and finesse. Their 4th century UNESCO protected cellars provide the perfect environment for Champagnes to age.

SPARKLING

BOTTEGA

Italian Vintners and Master Distillers

Since the 17th century, every bottle of Bottega wine and grappa has been made with artisanal care and unparalleled attention to detail. By choosing simple, natural flavours and nurturing a strong connection with the land, they have gained a reputation for unique and innovative wines.

The team at Bottega are inspired by the 17 principles for sustainable development set out by the United Nations. The use of renewable sources, the geothermal air-conditioning system, the water recirculation system and the practice of organic farming are only a few actions that define Bottega as a Green Company. Their commitment has been awarded with the GREENER logo since 2015.

ITALY

DA LUCA

The Da Luca Sparkling range embodies everything that consumers are looking for when they purchase Prosecco: premium tasting, fresh and fruity with a persistent bubble and great value. The winemaking team in Veneto work tirelessly to ensure this is across the whole Da Luca sparkling range. With consumers at the heart of what Da Luca do, the addition of the 20cl bottles and Prosecco Rosé was essential for this On-Trade exclusive label. Da Luca also have vineyards in sun-drenched Sicily and produce two eye-catchingly packaged wines that are, like this sparkling range, exclusively distributed via Matthew Clark.

SPAIN

FREIXENET

With over 150 years of wine-making heritage in the Penedès region west of Barcelona, Freixenet is renowned for the quality and consistency of its world-leading Denominación de Origen sparkling wine. Freixenet dates back to 1861 and is based in the beautiful region of Sant Sadurní d'Anoia, just outside Barcelona. Their most iconic product, Cordon Negro, is the hallmark of a range of sparkling wines which are sold in over 100 countries. In 2017, Freixenet made the bold decision to cross over into the Italian hills and launch a Prosecco. This premium, diamond-glass bottle became an instant star and adds another icon to the Freixenet portfolio. Freixenet took the step into still wines in 2020, producing a range of wines using well known grape varieties from Spain and Italy. At the heart of Freixenet is the mission to help the world celebrate all of life's moments, big or small.

FRANCE

Louis Jadot was established in Beaune by Louis Henri Denis Jadot in 1859. Over a century and a half later, they now produce wines from over 150 appellations – from Beaujolais-Villages to Le Montrachet. Their goal is the perfect expression of terroir and both their viticultural philosophy and approach to winemaking is one of minimal intervention. From vineyard to bottle, sustainability is at the heart of their brand. They only use traditional methods in their own vineyards and the company is now converting all of their own vineyards to organic management. In 2013, Louis Jadot undertook their first investment outside Burgundy, purchasing Résonance vineyard in Oregon, U.S.A. They have brought their years of expertise gained in Burgundy to this new 13 hectare property, which is 100% organically managed and certified.

RHÔNE VALLEY

M. CHAPOUTIER

L'UNIVERS
M. CHAPOUTIER

Dating back to 1808, M. Chapoutier is one of the oldest companies in the Rhône Valley. Since joining the company in 1990, winemaker Michel Chapoutier has been determined to produce wines that let soils express their true character. For over 30 years, the team has worked tirelessly to convert to biodynamic viticulture - a philosophy that respects the natural environment and helps their vineyards to reach their full potential.

M. Chapoutier has vineyards as far afield as Alsace, Germany and Roussillon. Their estate also includes Château Ferrages in Provence, with a selection of red, white and rosé wines.

LOIRE

JOSEPH MELLOT

Founded in Sancerre by Pierre Etienne Mellot in 1513, Joseph Mellot is today one of Sancerre's largest and most prestigious estates. Over 500 years later, it is still run by the Mellot family, headed up by Catherine Corbeau-Mellot and her two sons. In 2019, Joseph Mellot was the first winery in the Central Loire to attain ISO14001 environmental management certification. They were also the first French business to join the 10:10 climate change campaign in 2009, committing to the voluntary reduction of greenhouse gases. Joseph Mellot make wines from all the key Central Loire appellations, many of which are exclusive to Matthew Clark.

FÊTE DES FLAVEURS

Fête
des FLAVEURS

Fête des Flaveurs is an exploration of French wines, and all that regional France has to offer. Every one of their authentic, provincial wines has been crafted by regional co-operatives, often with generations of the same family working together to capture the character of their homeland. Every bottle is a map of its unique climate, vineyard and grower, all of which come together to craft a unique, delicious wine from some of France's most famous regions.

ALSACE

EMILE BEYER

Since 1580, members of the Beyer family have passed down their knowledge and passion for wine. Today, Christian and Valerie Beyer are the 14th generation of Beyer to join the winery. Their knowledge of the craft and science of winemaking is borne out in the exceptional quality and reputation of their products. The vineyards of the estate are situated among the Grands Crus of Eichberg and Pfersigberg. Certified organic and biodynamic, they believe that soil is a living medium and a vital source of energy, preserving the subtlety and unique character of their wines.

GÉRARD BERTRAND

In 1975, in the vineyards of Château de Villemajou in the heart of the Corbières, Gérard Bertrand harvested his first grapes and discovered a lasting passion for wine. Throughout his time in the vineyards of the South of France, Gérard Bertrand has doggedly pursued his quest to reveal the best terroirs of his region and to promote them throughout the world. It was in this spirit that he took over the family business at Domaine de Villemajou after the accidental death of his father in 1987. Five years later, he created the Gérard Bertrand brand and the story of this incredible company begins.

Bertrand was convinced very early on that viticulture in harmony with nature is the best way to revealing the lands true spirit, so in 2002 he began on the path of biodynamics at Cigalus. Over the years, Gérard Bertrand has taken over 14 estates spread throughout the Languedoc-Roussillon region and has helped them in their transition to a cleaner production method. Today, the gamble has paid off: all the vineyards are at least AB-labelled and, perhaps more importantly, the wines brilliantly express their unique terroir. All the domaines under the Gérard Bertrand label are now managed according to biodynamic principles.

---	--	------	---	------	------

When Sacha Lichine acquired Château d'Esclans in 2006, he had a vision: to create the greatest rosés in the world. In doing so he ignited what is considered the modern "Rosé Renaissance". Sacha introduced new and innovative winemaking techniques to Provence which revolutionized the style of rosés coming out of the region. This led to the creation of Whispering Angel, a world class rosé which is both elegant and accessible.

Today, Whispering Angel is recognised as the reference point for Provence rosés. Made from Grenache, Cinsault and Vermentino, its soft pink hue is deliciously appealing while its flavour profile is full and juicy with a smooth finish. Both lush and bone dry, Whispering Angel pairs perfectly with a wide range of dishes. It is truly a rosé to be enjoyed from midday to midnight.

As Sacha says "In the Esclans Valley angels whisper. If you drink this wine, you might hear them... If you visit us, you might see them."

ITALY

RUFFINO

Ruffino embodies the fine Italian art of good giving. A zest for life and shared spirit is in every wine they produce. Their wines are made to help everyone embrace every moment—the Italian way.

Named sustainable company of the year by “The Drinks Business in 2021”, Ruffino has grown an enviable reputation in Tuscany since 1877. They consider the unique countryside to be a magical land, woven with exquisite beauty, where fine wines have always been made in celebration of an unparalleled quality of life. Their winemaking philosophy is a blend of sustainable viticulture and the pursuit of excellence.

FANTINEL

Fantinel

Passion has been the driving force of Fantinel for more than forty years. They are a group of technicians and professionals who work with commitment and enthusiasm every day to create a series of wines that inspire strong emotions. For Fantinel everything starts in the vineyard, from the ancestral wisdom of the Friulian men who work their land with dedication, care and affection for the rare native grapes of the region. Their expert winemakers select the best grapes with the utmost attention and follow, with extreme care, the vinification of every wine.

PIEMONTE

ENRICO SERAFINO

The winery was founded in 1878 by Enrico Serafino in Canale d'Alba, a small village in the heart of the vine-growing area located on the left side of River Tanaro. The winery is the oldest in Roero and among the first Piedmonte wineries to produce Barolo, Barbaresco, and traditional method sparkling wines. Enrico Serafino from Romano Canavese, moved to Canale at age 24, to realise his dream: "to produce luxury white, red and sparkling wines in the best vineyards of the Piedmont Region". Thus, the Enrico Serafino winery was born, from an act of strong will and great courage.

SPAIN & PORTUGAL

La Compañía Vinícola del Norte de España – The Northern Spanish Wine Company - was founded in 1879. Over 140 years later, C.V.N.E. is still under the stewardship of the direct descendants of the founding family, now in its fifth generation. Viña Real joined the C.V.N.E. fold in the 1920s and was one of the first wineries to make Crianza wines in oak barrels.

Contino joined in 1973 and was inspired by the concept of the 'Bordeaux Château', becoming the first single estate Rioja. Only a small selection of wines are produced at Contino, some of which are regarded as the best wines made in modern Spain.

Virgen del Galir is a recent addition to the portfolio, joining in 2018. C.V.N.E. were the first wine company in Spain to achieve the double Environmental Footprint certification (Carbon and Water), which helps to verify the greenhouse gas emissions as well as the direct and indirect consumption of water.

BODEGAS CORRAL

Don Jacobo

Founded in 1898 by a local family, Bodegas Corral remains one of the few 'centennial' Rioja wineries still in family hands. The village of Navarrete in the heart of the region sits on the ancient pilgrimage route, giving it a tangible sense of authenticity. Organic practices are followed in all their vineyards and the wines are made from 100% certified organic grapes under the 'Ecológica' label. Several programs are in place to reduce their environmental impact including reduction of CO2 and water purification. All wines under the Don Jacobo label are suitable for a vegan diet.

ESPORÃO

Esporão was founded in 1973 by José Roquette and Joaquim Bandeira. Following in his father's footsteps, João Roquette is today the chairman of the company, bringing internationalisation and sustainability to the core of the company's culture. Esporão's philosophy is to make the finest wines from what nature provides, in a responsible and inspiring way. They are one of the leading wine companies in Portugal and one of the largest organic wine producers in the world.

The estate is made up of three wineries: Herdade do Esporão in Alentejo which dates back to 1267, Quinta dos Murças in Douro with its amazing vertical vineyards and unique micro climates, and Quinta do Ameal nestled in the valleys of the Lima River. The team at Esporão are strong believers in biodiversity. All their vineyards are surrounded by wild land that supports organic farming and encourages nature and wildlife to thrive.

ENGLAND

BALFOUR

HUSH HEATH ESTATE

KENT-ENGLAND

Balfour's journey started in 2002 when co-founders Richard and Leslie Balfour-Lynn planted their first vineyard on Hush Heath Estate. 10,000 bottles of Balfour Brut Rosé were made from the first harvest in 2004, which went on to win a gold medal and trophy at the International Wine Challenge in 2008. Balfour was officially on the wine map. Hidden away in the Kent countryside near Staplehurst, the winery is located on the beautiful Hush Heath Estate. They enjoy 400 acres of vineyards, apple orchards, wildflower meadows and ancient oak woodlands. Today, Balfour is one of England's leading wineries, producing multi-award-winning sparkling and still wines. Balfour's range of wines can be found in some of the finest restaurants and retailers, both in the UK and internationally.

GREYFRIARS

In 2010, Mike and Hilary took over Greyfriars Vineyard on the slopes of the picturesque Hog's Back. Since releasing their first wines in late 2013, they have won numerous awards, including two gold awards for their sparkling Rosé Vintage (IWC) and Non-Vintage (SWA), and a trophy for the best English Sparkling Rosé (IWC) in 2019. The original 1989 vineyard has been expanded to 40 acres and also includes a world class winery and a storage 'cave' dug into the side of the Hog's Back. The winemaking philosophy is all about minimal intervention to let the flavour of the fruit do the talking.

SILVERHAND ESTATE

SILVERHAND ESTATE

Defining the new rules of English Sparkling Wine, Luddesdown has a rich history. A history of constant evolution, meticulous craft and ingenuity. King Ludd was a first century king of the Trinovantes, founder of London and God of Protection and Prosperity. Losing his hand in battle, he was stripped of his rank and position until a silver hand was made for him. The Silverhand Estate is a nod to the pioneering spirit of King Ludd and the rich history of the Kentish landscape. Its touch is bringing new life to the Garden of England and its future is sparkling.

WILD LIFE

Ultra-low in alcohol yet ultra-high in goodness, this unique, award-winning English bubbly is enriched with an uplifting elixir of vitamins, minerals and botanicals each chosen for their health-giving properties. At only 0.5% ABV and less than 35 calories per glass, Wild Life Botanicals champions a 'no limits' lifestyle. The two flavours, Nude and Blush, both encapsulate a mood of celebration with their own distinct style. Blush boasts juicy, wild strawberry aromas, followed by a softer palate evoking rosehip tea, strawberries and cream. Nude entices with vivid green notes followed by a generous perfume, evoking seasonal gooseberry and young banana. On palate it's dry with delicate Champagne-like bubbles delivering the freshness and zing of lime. Wild Life wines are bubbles with benefits!

REST OF EUROPE & ASIA

WEINGUTWINTER

VDP

Stefan Winter and his team – also known as the family – share a passion for authentic wines which reflect their origin and the craftsmanship of viticulture. Therefore, each vineyard is cultivated with diligent manual work according to ecological guidelines. The family is connected to the winemaking process by a dedication to purity and a resolute quest for quality. Weingut Winter, Dittelsheim is located between picturesque hills in the heart of the Rheinhessen wine region. Stefan Winter gained the region's appreciation for the unrivalled quality of his wines. The winery is currently 20 hectares, focused on classic white grape varieties.

AUSTRIA

SOELLNER

The Soellner family own vineyards in the Donauland on the Danube in Austria. They consistently produce wines of great depth of character and balance. The wines are biodynamic and, since 1997, the land has been farmed under strict organic guidelines governed by the Austrian state authority. For the last few years, they've worked to grow their lands in order to promote bio-diversity in the landscape. This led to their decision to get involved in biodynamic cultivation, which means treating the vineyard site as a single and complex entity and working with the natural rhythms of the land.

AUSTRALIA

ESTD
HARDYS
1853

Hardys is here because of one man: Thomas Hardy, a man with an audacious goal well ahead of his time. In 1853, against a backdrop of global uncertainty and in a colony yet to become a country, he set out to make wines 'revered around the world' to be 'enjoyed and understood by all'. And so began a journey that would see his wines awarded in his lifetime and his name live on for generations. In 1878, Thomas Hardy transformed an old flour mill on the main street of McLaren Vale into The Hardys Tintara winery. With his success, the township of McLaren Vale began to prosper and grow.

The winemaking team at Hardys is fronted by Nigel Sneyd MW. Nigel's impressive hands-on winemaking experience spans names such as Domaine Dujac in Burgundy, Champagne Krug, Evans and Tate in Western Australia. Hardys now has over 168 years of winemaking history and has earned 9,000+ awards across its portfolio. Since 1853, Hardys has secured its status as a pioneer in wine making and built a reputation for consistent quality across all its price points. Hardys is the UK's No 1 wine brand and has been for over a decade.

ST HALLETT

As one of the founding wineries in Barossa, St Hallett epitomises the region. They have achieved icon status and a worldwide reputation for Shiraz for their prestigious Old Block Shiraz as well as their Blackwell and Faith Shiraz. Together these wines represent the full spectrum of what is possible from Barossa Shiraz.

If Shiraz is the king of the Barossa, then Riesling is the queen. The sub-region of the Eden Valley, famous for its world white wines, is perched 700 meters above sea level overlooking the Barossa Valley below. Here the climate drops markedly, especially in the evenings, which enables the fruit to develop its hallmark acidity and delicate floral and lime blossom aromas and flavours which define St Hallett's Eden Valley Rieslings.

NEW ZEALAND

VILLA MARIA
NEW ZEALAND

LEFTFIELD

The Villa Maria portfolio of wineries includes the iconic Villa Maria, alongside Vidal and Leftfield. Villa Maria is a world-renowned and much celebrated flagship for New Zealand Wines, while Vidal is one of Hawkes Bay's oldest wine brands known for their classic regional expressions. Leftfield, meanwhile, offers something a little different with an unconventional approach that explores a world of flavour through creative varietal blends.

Sustainability is at the heart of each of the Villa Maria family of wineries. Vidal was the one of the founding members of the Living Wine group which paved the way for sustainable winemaking in New Zealand, while Villa Maria was the first major New Zealand winery to achieve BioGro organic certification. Leftfield's approach is all about balancing soils - they maintain micro-nutrient levels in the soil by applying seaweed and use organic pest management with inter-row plantings. They make wines that are a true reflection of the diverse terroirs of New Zealand.

DASHWOOD

DASHWOOD

Dashwood is an award-winning brand with premium vineyards in the Wairau and Awatere Valleys. Their wines always over-deliver on value and shock in competitions. In 2017, the Pinot Noir won the top Pinot Noir trophy in New Zealand, and the 2020 vintage of the Sauvignon Blanc was Champion Sauvignon Blanc in the Marlborough Wine Show, beating many famous rivals. The Wairau Valley fruit gives ripeness and expression, while the Awatere Valley fruit gives structure and a refreshing acidity. Sustainably made, the winery is powered by solar energy, the glass bottles are made from local recycled glass, and the labels are made from sugar cane waste.

 25592	Dashwood Chardonnay, Marlborough	2019								75cl	10.60

WAIPARA HILLS

Established in 2001, Waipara Hills has a proud history of creating award-winning wines that celebrate the South Island of New Zealand. Their winemaking philosophy is simple. It's about creating balance, encouraging the characteristics of each season's fruit to shine, and celebrating the Waipara Valley vineyards. The result is wine that is rich, textural and complex. Set amongst vineyards in the picturesque Waipara Valley, Waipara Hills is a short, scenic drive north of Christchurch. At the iconic cellar door, guests are welcomed by passionate staff who endeavour to deliver a journey of true southern hospitality.

CHILE

Santa Rita®

Heritage and tradition are at the very heart of the Santa Rita Estate which boasts over 130 years of wine production and experience. The Santa Rita vineyard was founded in 1880 by Domingo Fernández Concha, a noted entrepreneur and public figure of his time. He was a vanguard of 20th Century Chilean winemaking introducing French varietals to Alto Jahuel and Maipo, which is still the heartland of Santa Rita. He dedicated his life to producing high quality premium wines from a diverse range of terroirs.

Now Santa Rita Estates is the 6th largest global vineyard owner, with over 3,200 hectares in Chile that covers vineyards across 9 valleys and includes 33 grape varieties. Santa Rita has a unique cultural and historical heritage and was awarded National Monument status for its cellars, the famous Casa Real hotel, 40 acres of parkland and a chapel in 1972. It was the first wine group to be certified under Chile's National Code and has been successfully recertified every year since 2011. Santa Rita doesn't just plant vines, it grows wine sustainably – in terms of environmental, supply chain, product innovation, community value and working environment.

ERRÁZURIZ

Errázuriz was founded in 1870 by Don Maximiano Errázuriz. He recognised the amazing potential of the Aconcagua Valley with its cool, rainy winters, hot, dry summers and moist Pacific Ocean breezes. With his pioneering spirit, he transformed the barren land into a world class vineyard. Errázuriz are committed to practising environmentally friendly viticulture and were one of the first wineries to be certified sustainable by the Wines of Chile Association and the Vinnova-Tecnovid Consortium. Today, Don Maximiano's vision lives on through descendant Eduardo Chadwick and his family. Eduardo shares his ancestor's belief: "From the best land, the best wine".

LUIS FELIPE EDWARDS

The Edwards family owns 2,000 hectares of vineyards in the key regions of Leyda Valley, Colchagua Valley and Maule Valley and sell their wines in over 90 countries worldwide, making LFE the 3rd largest exporter of Chilean bottled wine.

Their vineyards are managed with the greatest respect for Chile's pristine yet fragile environment and are Certified Sustainable by Wines of Chile. Around 50 hectares are currently farmed 100% organically and the drip-irrigated vineyards are a source of water during the summer months, sustaining a level of bird, animal and insect diversity that would otherwise not be possible. From the 2020 vintage onwards, all LFE wines are vegetarian and vegan-friendly.

ARGENTINA

BODEGAS SALENTEIN

VALLE DE UCO, MENDOZA
ARGENTINA

The Uco Valley is the cradle for premium Argentinean wines, providing the most interesting terroirs in South America. Salentein has created a new vision of quality and elegance for this remarkable cool-climate region, honouring and promoting the culture and people of the Uco Valley. Its high elevation and stony alluvial soils create the perfect conditions for world class wines. For over twenty years Salentein has led the way in the region, with a unique combination of estates in the most recognized sub-regions within the Uco Valley.

Sustainability is and has always been a top priority at Bodegas Salentein. Since 2021, the winery has made wine according to their sustainability protocol, allowing them to evaluate and increase the application of sustainable practices in their vineyards and wineries. Among others, this protocol assesses the management of irrigation, energy and waste as well as water conservation and human resources.

In line with the winery's sustainability goals, the team at Salentein are working to limit the use of animal derived products and are now certified as a vegan wine producer, with the goal of producing 100% vegan wines.

ZUCCARDI

Alberto 'Tito' Zuccardi began experimenting with new irrigation systems in the 1940s because back then, as today, water was scarce. In 1963, he planted a vineyard in the Maipú region to show neighbouring farmers how his irrigation system worked, not realising that this would be the beginning of three generations of passion for the Zuccardi family. His grandson, Sebastián, continues the family's mission to make wines which express their origin, the essence of their soils, while working with nature to minimise their impact on the environment. Zuccardi has been voted "The World's Best Vineyard" for 3 consecutive years: 2019, 2020 & 2021.

SOUTH AFRICA

ANNO. 1695

KLEINE ZALZE

Wine has been produced on the Kleine Zalze Estate since 1695 but the modern Kleine Zalze was born in 1996, when it entered family ownership under the leadership of Kobus Basson. Their philosophy is simple: success begins in the vineyards. They believe exceptional wines are made by selecting varieties suited to the various soils and slopes of the Cape Winelands. Kleine Zalze's dedication to quality meant they achieved new heights in 2020 by being named Top Performing Winery of the Year by Platter's South African wine guide, arguably the most comprehensive guide to South African wine in the world.

SHANNON

Shannon Vineyards is a premium, boutique wine farm situated in the Elgin Valley in the Western Cape of South Africa. Their focus on viticultural principles reflects a commitment to producing wine that is an expression of the unique terroir. Using sustainable winemaking practices, they pursue long term conservation commitments. They have 10 hectares under vine at Shannon Vineyards and strive to maintain the optimal habitat to safeguard the species that share the land with them. The team at Shannon are always thinking ahead for the next generation, grooming the terroir and maintaining the balance and equilibrium to protect the environment and ensure ethical business practices.

REIGN OF TERROIR

The Reign of Terroir grower and winemaker project encapsulates the Swartland spirit of innovation, experimentation and risk. With a region blessed with old vines where little else will grow, the foundations for producing great wine were laid many years ago. The fruit is partially dry, grown on predominantly shale and quartz soils in a handful of small vineyard sites at the heart of the Riebeek Valley. Minimal intervention in the winery and a real focus on fruit preservation and integrity by winemakers Leon Esterhuizen and Terrence Capes have delivered a delicious, moreish set of wines that are incredible value.

The Reign of Terroir wines are produced under ethical accreditation, with contributions from every bottle enjoyed flowing directly to the local communities and those in need, as well as the workers who have worked hard to deliver such quality.

	38180	Reign of Terroir Chenin Blanc, Swartland (x)	2019	    	75cl	7.37
	38183	Reign of Terroir White, Swartland (x)	2019	    	75cl	8.26

USA

When their first wine, The Prisoner, was released two decades ago as a complex blend of some of California's best and most unusual grape varieties, it permanently changed the perception of what a red blend wine could be. Since then, the Prisoner Wine Company have grown to include a range of rule-bending blends being recognised by fans and wine critics and earning "cult" wine status. The Prisoner Wine Company sources fruit from more than 100 vineyards, including many gnarly old vines, dry-farmed from pre-Prohibition plantings. They collaborate with over 120+ growers to craft their wines. Sourcing fruit from a wide range of sites allows them to secure the best of what is available and produce wines to a particular style, with incredible consistency and quality.

THE PRISONER

 40841 NEW The Prisoner Red Blend, California	2020					75cl	40.13

DR. KONSTANTIN FRANK

Dr. Konstantin Frank knew from his experience growing grapes in very cold climates that high-quality vinifera wines could be made in the state of New York. Amidst some opposition and plenty of scepticism, Dr. Konstantin Frank pushed forward and made his own way. His techniques and innovations began a revolution in the Finger Lakes that would forever change the region. Four generations strong, the Frank family has been leaders of grape growing and winemaking throughout the Finger Lakes. The estate vineyards on Keuka Lake represent the oldest Riesling, Chardonnay and Pinot Noir vines in the eastern United States.

 50005 Dr. Konstantin Frank Dry Riesling, Finger Lakes (x)	2020						75cl	14.51

BANSHEE

Banshee Wines are made with fruit from the best cool climate vineyards in the Sonoma Coast area; well-established sites which are famed for their consistent quality. Banshee's great value wines are earth friendly and rely on aromatics, charm and grace rather than raw power, delivering incredible quality and structure. Banshee is one of the fastest growing premium wine brands in California and can be seen in the coolest bars, restaurants and at hip events across the state. As well as being sustainable, Banshee wines are packaged simply without cap or collar. They are renowned for their environmentally friendly and trendy naked-necked bottles.

FORTIFIED & STICKIES

Graham's Port was founded in Porto in 1820 and is renowned worldwide for producing outstanding Ports. Graham's has received more awards at the major international competitions than any other Port producer over the last 30 years.

Graham's is owned by Symington Family Estates. In 2019, the company became a certified B Corporation – the first wine company in Portugal to take this step – joining a global community of businesses audited for the highest standards of social and environmental responsibility. Symington was named Ethical Company of the Year in The Drinks Business 2019 Green Awards.

HUNGARY

BÉRES

BÉRES
T O K A J

Since the very beginning, the team at Béres Tokaji have aimed to create great wines that match the high prestige of the Tokaj wine Rrgion. They work with the historical plots of their estate by employing a modern approach and state-of-the-art technology. They made their debut in 2003 and since then have consistently picked up trophies in both Hungary and the rest of the world. Today they are producing high quality wines as a result of excellent terroir, a unique microclimate, and gentle processing. Their slogan, "Every single drop is Béres", reflects their values of quality, reliability and perseverance.
